WPC

DOORS & DOOR FRAMES

to save
our planet

advantages of

WPC PRODUCTS

- 100% Eco-friendly product.
- Solid door structure with absolute strength.
- Best to stand with high moisture and humidity level.
- High tensile strength.
- High screw holding capacity.
- Better maintainability.
- Can be processed like natural wood with conventional tools.
- Corrosion resistance.
- Nontoxic and borer free.
- Easy to cut and saves tooling life almost 30% than MDF and particle boards.
- Anti-abrasiveness
- High temperature resistance.
- Perfect surface finishing.
- Accuracy in dimensions.
- Maintenance free.
